

## RTG 2413: The ageing synapse – molecular, cellular and behavioral underpinnings of cognitive decline

Spokesperson: Prof. Daniela Dieterich

### RTG 2413 SynAGE MD students

- Start (1st kohorte): 01.10.2019
- End (1st kohorte): 30.09.2020
- Every TP can get 1 MD student
  
- MD students must have passed the physikum
- MD students have to take one year off from study (fill „Antrag auf Beurlaubung“ → Forschungspraktikum)
  
- Stipend via SynAGE coordinator Anika from FME, in total 956 € per month
- We need: CV, motivation letter, confirmation of holiday from study
- For contract: doctoral attest about vaccinations (form attached)
  
- Information: MDs can submit thesis only after finishing medical study
