

GRK 2408 & GRK 2413 WORKSHOP

Preclinical Research with Mouse Models

05.03.2021 | 1 – 5 p.m. | ZOOM: <https://ovgu.zoom.us/j/94415356330>

Meeting ID: 944 1535 6330 | Passcode: 877038

PROGRAM

Preparation beforehand

- take the self-paced online course (approx. 2 hrs) at JAX: Beginner's Guide to Inbred, Outbred, Hybrid, Mutant, and Transgenic Mice Program (free enrolment at <https://www.jax.org/education-and-learning/course-and-conferences/minicourses>)
- read the review on translational research with animal models

-
- 1:00 p.m. Presentations by participants (max. 8 - 10 min)
- introduction into mouse model which is used or planned to use
 - focusing limitations that are experienced or anticipated
- 3:00 p.m. Coffee break
- 3:10 p.m. Round table discussion
- to identify common questions / problems
 - Some ideas/suggestions for topics to be discussed:
 - Developing alternative and new genetic designs
 - Considering sex
 - Considering environmental factors and epigenetics
 - splitting up in 3-4 work groups to work on potential solutions
- 4:00 p.m. Presentation of results of working groups
- 5 p.m. End
-

Afterwards

- If desired, every participant will get the chance to set up an individual appointment with the Stork-Lab for hands-on support.
